**Bedford-Somerset MH/MR – has changed its name to
 Bedford-Somerset Developmental and Behavioral Health Services (DBHS).**

Over the next several months, you will see either name used on documents you receive from the Agency. While we have changed our name, we are not changing how we care for you! We will continue to give you the same great service you have come to depend on. Here are some questions you may be asking:

Question:	Answer:
When did this change happen?	The official change over date was July 1, 2016, however all documents may not have be updated with the name change.
Will the phone numbers that I use for services change?	No. However, in future additions of telephone books we will be listed as Bedford-Somerset DBHS
Will this change the benefits and services I currently receive?	No

If you have any further questions, please contact a staff person in the program you attend.
